Beam	19.11m
Design Draft	4.24m
Displacement	1240 tonnes
Cruising Speed	13 knots
Crew	36
Guests	24

In alliance with sister company Echo Yachts, White Rabbit Golf will be the largest trimaran in the world.

The project is now well underway at Evolution Commercial and boasts the accolade of being the largest ever superyacht project undertaken in Australia.

The yacht will be powered by a diesel-electric configuration of 4x CAT C32 and 2x CAT C18 diesel engines supplying 2x Kongsberg/Stadt 2100KW electric motors hooked up to controllable pitch propellers.

It is styled externally and internally by award winning Sam Sorgiovanni Designs, and Naval Architecture designed by One2Three Naval Architects.

Launch is scheduled for December 2017, with delivery expected early in 2018.
